

A new epoch in public health

- requires an evolution in system design and resulting delivery of actions to protect or improve public health.
- Best buys for public health are unlikely to be single issue initiatives but broad alliances around sense of place, sustainability and social capital
- Transport has a major contribution to each of these alliance. The challenge for local authorities is to develop innovative and collaborative approaches and engaging local communities and key stakeholders.

Virtuous circle for health

DOWNTOWN DENVER
PARTNERSHIP, INC.

Tami Door,

President, Downtown
Denver Partnership, Inc.

“The number one thing [tech companies] want is bike lanes. Ten years ago we never would have thought that walkability or bike lanes would be economic development tools”
