

## Level 6 - Public Health Practitioner Apprenticeship Symposium

**Venue:** PHE Y&H, Blenheim House, Duncombe Street, Leeds

**Date:** Thursday 14 November 2019, 10:00 – 13:00

**The time is right to look at how we can maximise the potential for this new Apprenticeship standard so we can help employers to address some of the key future workforce challenges we now have within an increasing integrated public health system.**

We will be challenging:

- Whether this standard can increase social mobility and support inclusive growth if we lowered entry and experience requirements
- Whether this standard could support Apprentices to work across the system, for example across a range of council services where public health needs to influence i.e. transport, planning, child development, education, social care etc
- Whether costs be shared with various departments and multiple organisations where Apprentices can work across the system
- Whether this standard can upskill the wider public health workforce

9:30 – 10:00	Registration & Tea / Coffee	
10:00 – 10:20	The development of the Public Health Practitioner Apprenticeship from concept to approval	Claire Cotter, National Programme Manager, Workforce Development, Public Health England
